Sir:

Please consider the remarks below in response to the Action mailed March 22, 2005.

Claims 4, 11-15, and 17-22 are all the claims pending in the application.

Applicant notes with appreciation the Examiner's withdrawal of the prior art rejections, as indicated at Section No. 2 (page 2) of the Office Action.

The Office Action contains a single rejection. Specifically, Claims 4, 11-15, and 17-22 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over Claims 6-12 of U.S. Patent No. 6,782,176.

In response, Applicant is submitting herewith a terminal disclaimer. The filing of the terminal disclaimer to obviate the rejection based on obviousness-type double patenting is not an admission of the propriety of the rejection, and raises neither a presumption nor estoppel on the merits of the rejection. MPEP §804.02.
